

A Determined Spirit:

Bharti's Journey from Adversity to Medicine

“JEF has been a lifeline, enabling me to pursue my dream of becoming a doctor.”

Bharati Khothekar

JEF Scholar 2022

Third Year, MBBS,
Government College, Nanded

Bharti, the daughter of a humble bangle seller from Ambad, faced numerous financial hurdles throughout her education. Her family harbored a dream of her becoming a doctor, but the path to realizing this dream was fraught with challenges. The exorbitant cost of coaching classes, a necessity for clearing the competitive entrance exams, seemed insurmountable.

Undeterred, Bharti persevered through three unsuccessful attempts, relying on self-study and YouTube tutorials to prepare for the exam. Her relentless determination finally paid off in her fourth attempt, securing her a coveted seat at the prestigious Government Medical College in Nanded.

JEF stepped in to provide crucial support during her first year of medical education and Professor Lahoti ensured she received the Foundation for Excellence scholarship.

“Despite facing numerous challenges, my determination and the unwavering support of JEF and Professor Lahoti have enabled me to overcome obstacles and pursue my dream of becoming a doctor.”

Bharati's story serves as an inspiration to countless young individuals, demonstrating that with unwavering determination and the right support, dreams can indeed become reality.
