Nurse, Teacher, Pursuing M.Sc. Nursing

Glory Kasbe, a determined and resilient individual, dreamed of becoming a doctor, but financial challenges and the inability to afford medical coaching led her to pursue a B.Sc. Nursing instead. Due to her family's financial struggles, Glory faced obstacles in pursuing higher education. However, Jalna Education Foundation, introduced by her father, provided her with a scholarship that allowed her to complete her nursing degree at Vasant Rao Naik Nursing College.

After graduating, Glory worked as a teacher at the same college and later as a critical care nurse at Nanavati Hospital in Mumbai. Currently, Glory is preparing for an M.Sc. Nursing and a government job while continuing to teach at Vasant Rao Naik Nursing College.
