

# Nurturing Potential: How JEF Helped Shape Sakshi's Future

“JEF has been my guiding light, illuminating my path to success. I’m grateful for their unwavering support.”

**Sakshi Polas**

JEF Scholar 2017 to 2021

B.E. from VJTI and joining Ernst & Young

Sakshi Polas, the daughter of a humble medical shop salesman and a homemaker, hails from a family grappling with financial constraints. Despite these challenges, Jalna Education Foundation recognized her potential and provided unwavering support throughout her academic journey.

From class six, Sakshi benefited from JEF's free coaching classes, which laid a strong foundation for her future success. Her exceptional performance in CET examination secured her admission to the prestigious VJTI Engineering College in Mumbai.

JEF's unwavering support extended beyond academic guidance. Professor Suresh Lahoti, a mentor and guide, facilitated the acquisition of FFE scholarship, alleviating the financial burden on Sakshi's family. While still pursuing her B.Tech degree, she achieved a significant milestone by securing a coveted job offer from Ernst & Young Global Limited (EY B4) during a campus placement drive.

**Sakshi's story is a testament to the power of education, the importance of mentorship, and the transformative impact of timely financial assistance. Her remarkable achievements are a source of immense pride for Jalna Education Foundation and an inspiration to countless young minds.**
